

CML Microcircuits (UK) Ltd.

THE CML QUALITY POLICY

OUR VISION

The first-choice semiconductor partner to technology innovators, together transforming how the world communicates.

OUR VALUES

- Trust
- Respect
- Commitment
- Creativity

CML's operations will be conducted in a manner which recognises that our customers need and expect our products to be supplied free of defect and fit for use as specified.

CML will systematically assess the conformance to the ISO 9001:2015 documented requirements, which govern the design, manufacture, and supply of our products to ensure that these expectations are fulfilled.

CML will continually strive to improve the effectiveness of the Quality Management System, and the quality of its products and services, in ways appropriate to the needs of our customers and commercial interests and policies of the company.

All employees are to be aware of the relevance and importance of their personal contribution in CML achieving its quality objectives.
